

## PUBLIC HEARING NOTICE

A Public Hearing for the purpose of receiving comments on the proposed Title V Significant Modification Permit draft for Johns Manville International, Inc. - Mat Plant will be held at 6:30 PM on July 2, 2007 at the Etowah City Hall at 723 Ohio Avenue, Etowah, Tennessee.

Johns Manville International, Inc. - Mat Plant has applied to the Tennessee Air Pollution Control Division (TAPCD) for a [significant modification](#) to their major source operating permit subject to the provisions of paragraph 1200-3-9-.02(11) of the Tennessee Air Pollution Control Regulations (also frequently referred to as Title V regulations). A major source (Title V) operating permit is required by both the Federal Clean Air Act and the Tennessee Air Pollution Control Regulations. A public hearing will be held to discuss the significant modification to this facility with details described below.

**The applicant is Johns Manville International, Inc. - Mat Plant with a site address of 2235 Hwy 411 North, Etowah, TN. They seek to obtain a significant modification to their major source operating permit. The significant modification involves installation of a wet-formed fiberglass mat production line with a curing oven and a thermal oxidizer air pollution control device, a mat wind-up and rewind operation with a baghouse air pollution control device, and a mat edge trim operation with a baghouse air pollution control device.**

EPA has agreed to treat this draft Part 70 permit modification as a proposed Part 70 permit modification and to perform its 45-day review provided by the law concurrently with the public notice period. If any substantive comments are received, EPA's 45-day review period will cease to be performed concurrently with the public notice period. EPA's 45-day review period will start once the public notice period has been completed and EPA receives notification from the Tennessee Air Pollution Control Division that comments have been received and resolved. Whether EPA's 45-day review period is performed concurrently with the public comment period or after the public comment period has ended, the deadline for citizen's petitions to the EPA Administrator will be determined as if EPA's 45-day review period is performed after the public comment period has ended (i.e., sequentially). The status regarding EPA's 45-day review of this project and the deadline for submitting a citizens petition can be found at the following website address:

<http://www.epa.gov/region4/air/permits/Tennessee.htm>

A copy of the application materials used by the TAPCD and a copy of the draft Title V permit with the significant modification are available for public inspection during normal business hours at the following locations:

Etowah Carnegie Public Library  
723 Ohio Avenue  
Etowah, TN 37331-1345

and

Tennessee Department of Environment and Conservation  
Division of Air Pollution Control  
9th Floor, L & C Annex  
401 Church Street  
Nashville, TN 37243-1531

Also, if you require a copy of the draft permit it is available electronically by accessing the TDEC internet site located at:

<http://www.tdec.net/apc/ppo/>

Interested parties are invited to review these materials and comment. To be considered, comments must be made by the close of the Public Hearing and should be addressed to **Mr. Barry R. Stephens, Director, Tennessee Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531**. Written comments must be received at the above address no later than July 2, 2007. Written or verbal comments will be accepted at the Public Hearing. Questions concerning this source may be directed to Mr. Martin Smith at the above address or by calling (615) 532-0569. A final determination will be made after weighing all relevant comments.

Individuals with disabilities who wish to participate in these proceedings (or to review these filings) should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the thirty (30) day public comment period to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 11th Floor, L & C Tower, 401 Church Street, Nashville, TN 37243, (615) 532-0059. Hearing impaired callers may use the Tennessee Relay Service, 1 (800) 848-0298.
